CIRCULAR NO. A-38
REVISED

TO THE HEADS OF EXECUTIVE DEPARTMENTS AND ESTABLISHMENTS

SUBJECT: Furnishing information concerning compensation of Federal employees to States and other government-mental units taxing compensation for personal services

1. Purpose. This Circular replaces Office of Management and Budget Circular No. A-38, Revised, dated August 11, 1970, Transmittal Memorandums Nos. 1, 2, 3, 4, 5, and 6, issued on December 22, 1964, February 4, 1966, February 23, 1967, January 10, 1968, January 17, 1969, and February 2, 1970, respectively, and all previous issuances. This Circular sets forth instructions for reporting to States and other taxing authorities compensation paid to officers and employees of the Federal Government, and members of the uniformed services, for purposes of State and local income taxation. As used herein "employee" includes an officer or a member of the uniformed services.

2. Policy. It is the long-established policy of the Federal Government that its employees have an ethical responsibility to pay their just taxes, whether Federal, State, or local, on the grounds that such taxes are a responsibility which every citizen must meet for the support of services provided by each level of government exercising taxing powers. Executive departments and agencies are periodically instructed through this Circular and other appropriate means to bring this policy to the attention of their respective employees.

The reporting requirements set forth herein are in consonance with the established policy of cooperation between the Federal Government and the States or other taxing authorities in the exchange of information with respect to taxable compensation paid to their respective employees. However, inclusion of a taxing authority in this Circular or the supplying of information by any Federal agency in accordance with these instructions does not constitute an expression as

(No. A-38)

to the actual tax liability of any particular Federal employee.

Each Federal employee will stand in the relationship of a private citizen to the State or other appropriate local taxing authority for purposes of State or local taxation.

3. Taxing authorities to receive information. Information concerning compensation paid to Federal employees and members of the uniformed services will be furnished to any taxing authority which taxes compensation for personal services. This information will be furnished, without further request from the taxing authority, to those authorities listed on Attachment A of this Circular or in any subsequent transmittal memorandum.

4. Withholding agreements. When, pursuant to Section 5517 of Title 5 of the United States Code,* an agreement has been concluded between the Secretary of the Treasury and an individual State government for withholding of State income tax by Federal agencies from the compensation of Federal employees whose regular place of employment is within the State, the providing of information to that State on such employees is within the jurisdiction of the Treasury Department** and is, therefore, excluded from the scope of this Circular. This exclusion does not affect the responsibility of Federal agencies under this Circular to furnish information returns covering employees who may be subject to the taxing authority of such a State but are not covered by an agreement between the Treasury Department and that State. It may also be necessary to furnish under this Circular to one or more other taxing authorities information concerning some employees from whom a State tax has been withheld under a Treasury Department agreement.

5. Assistance to Federal agencies. Any taxing authority receiving information under this Circular will be required to furnish copies of its income tax laws, regulations, and explanatory material to the Federal agencies and offices affected, so as to be available to employees who seek to determine whether they are individually liable for the tax. The taxing authorities will also be requested to assist Federal officials in simplifying procedural arrangements so as to minimize the expense to the Federal Government in preparing and furnishing such information as may be requested by the taxing authority.

(No. A-38)

6. Reporting procedures. In order to facilitate administration, to reduce the burden placed upon the Federal agencies, and to establish a uniform basis upon which taxing authorities will receive information, the following procedures will apply:

a. (1) With respect to members of the uniformed services (service personnel) covered by the Soldiers' and Sailors' Civil Relief Act, each Federal department or agency will obtain information from each member as to his legal residence, and data will be sent to the State each such member indicates to be his legal residence, or, if he does not make such indication, to the State where he is serving, and (2) with respect to each other employee, each Federal department or agency will obtain the actual residence of the employee regardless of his legal residence or domicile, and data will be sent to that State. Except for members of the uniformed services described above, the work "residence" as used in this Circular and Attachment means abode; i.e., the State and political subdivision in which the employee maintains the dwelling from which he commutes daily to his place of employment.

b. No information concerning compensation paid will be furnished to the State or local taxing authorities with respect to personnel, either civilian or military, while stationed outside the United States, except as may otherwise be provided in Attachment A of this Circular.

c. In certain cases, it will be necessary to furnish information for the same employee to more than one taxing authority. This situation may arise where the tax is imposed by two or more overlapping jurisdictions, such as a State and a city or (as in Pennsylvania) a city and a school district. Under these circumstances, the information should be supplied to each of those jurisdictions listed in Attachment A or otherwise requesting information.

d. The information returns for each calendar year shall be forwarded during the following January to each appropriate taxing authority with a letter of transmittal stating that these are information returns furnished in accordance with Office of Management and Budget Circular No. A-38.

7. Forms to be used. When statements are prepared on Treasury Department Forms W-2 and 1099 with respect to com-

(No. A-38)

pensation paid Federal officers and employees and members of the uniformed services, additional copies will be prepared for the information of taxing authorities which are entitled to information under paragraph 3. Forms for delivery to State or local taxing authorities should be clearly labeled to indicate the purpose for which they are intended and should not bear any part of the designation, "Form W-2--Treasury Department, Internal Revenue Service," or the Government Printing Office symbols. Form W-2 in quadruplicate sets may be procured from any District Director of Internal Revenue. Supplies varying from the standard form either in design or in number of copies in a set may be obtained through normal procurement procedures; rules for the manufacture of substitute Forms W-2 are prescribed annually by the Internal Revenue Service. All entries shall be complete and legible.

Questions pertaining to the private printing of Form W-2 should be addressed to:

Office of Director
Taxpayer Service Division
Attention: Mrs. Ruth Hill
Internal Revenue Service
Washington, D.C. 20224
Telephone: 964-4941
IDS: 184-4941

8. Computerized reporting. A number of taxing jurisdictions are presently prepared to handle information returns through computer methods, and other taxing authorities may wish to do likewise.

a. For the time being, and on an experimental basis, those taxing jurisdictions wishing to avail themselves of these means of reporting should follow these procedures:

(1) Notify, in writing, the Federal agency or agencies from which computerized information is desired in lieu of copies of Treasury Forms W-2. This should be done prior to September 30 of any calendar year.

(2) Indicate in which form or forms the taxing jurisdiction is prepared to receive and utilize such information through computer methods.

(No. A-38)

(3) Designate a local official or officials with whom Federal personnel can communicate to provide the necessary information in the most orderly and expeditious manner.

b. On its part each Federal agency capable of offering such services will follow these procedures:

(1) Indicate to the official or officials designated by the taxing jurisdiction the form in which the Federal agency is prepared to submit the information requested and ask for a prompt designation of choice. If such designation is not received in time to meet Federal processing schedules, the Federal agency will then utilize the form most convenient for its administrative purposes.

(2) Work with taxing authorities to resolve any difficulties which may arise in shifting from the present system to computer methods.

(3) Provide the following data elements when computer methods are utilized:

- (a) Employee's name
- (b) Employee's address
- (c) Employee's social security number
- (d) Employee's compensation from Federal sources
- (e) Employee's place of work (where applicable)

c. For the first year of furnishing computerized data, and on the specific request of the recipient taxing authority, each Federal agency involved is requested to cooperate as fully as possible by furnishing also, solely for the first year, copies of Treasury Forms W-2 as a means of assisting the taxing jurisdiction in making an orderly transition to the mechanized format.

9. Notification to employees. Representatives of the States have suggested that it would be helpful if the agencies would advise their employees that information returns will be sent to State and other taxing authorities of the employees' places of residence (and, in some cases, employ-

(No. A-38)

ment) where such authorities tax compensation for personal services and have requested such information. The notice should point out that individual employees may have income tax liabilities to these taxing jurisdictions.

10. Inquiries. Inquiries concerning the provisions of this Circular should be addressed to the Intergovernmental Relations and Technical Assistance Division, Office of Management and Budget, Washington, D.C. 20503, telephone (202) 395-4852, IDS Code 104-4852.

II. Provision of information under Circular No. A-38 relates only to the compensation of personnel who are not within the scope of Treasury Fiscal Requirements Manual (Part III, Chapter 4000, and Appendix No. 2), and therefore are not subject to withholding of State tax by the employing agency (see paragraph 4 of this Circular). The following States and the District of Columbia have entered into withholding agreements with the Secretary of the Treasury under authority cited above in the Fiscal Requirements Manual. Under the terms of these agreements, compensation paid to employees whose regular place of employment is within the State is subject to withholding of State tax.

These tax authorities should receive information concerning compensation paid to personnel whose residence is within the jurisdiction of the taxing authority and whose compensation is not subject to withholding of the tax imposed by that taxing authority.

4/18/74

Distribution of the attached has been made to D/OF, O/Compt, and OGC. I assume that as with the previous OMB Circular No. A-38, action responsibility for providing compensation information to state and local taxing authority remains with O/FIN.

Given the events of recent months as generously covered in the press, I should think that we might want to pass at this time on the action suggested in the second sentence of Paragraph 2 of the attached; however, I defer to your judgment on this point.
